

Covering Up

Make an intervention on the City of Vancouver Skyline

Take your blanket or bed sheet or other household linen out onto the streets of Vancouver, Canada.

Hold it up to cover up the view. As you make this intervention on the skyline or streetscape, have someone else photograph you.

Mail or email the image to us with the location, date and time of your intervention.

We will collect them on a blog and host an exhibition.

Participants will be credited and will receive printed documentation of the exhibition.

Deadline – February 1 2010

Exhibition Dates – February 12 – 28, 2010

Location TBA
